

TOWN OF ENFIELD

Department of Development Services

Planning • Building Inspection • Economic and Community Development

C.G.S. Sec. 20-338b. Building permit applications. Who may sign. <http://www.enfield-ct.gov/filestorage/91/12798/4309/Permits.pdf>

Authorization letters are not required if the trade license-holder signs the permit application. Since our permit applications are available on our website they can be printed at the contractor's office and signed in original by the licensee before delivering or mailing them to the Division of Building Inspection. This will save the contractor time, paper or postage and it will give us one less document to handle and store.

Permit forms: <http://www.enfield-ct.gov/content/91/12798/4309/default.aspx>

Also, we no longer need copies of trade licenses as we have a web link to the state DCP license data.
